Read the full guide before you begin. Use this worksheet to record your own measurements, quantities and choices.

SUPPLIES TO CHECK

Chilled cranberry drink, orange juice, sparkling water, pitcher, clean glasses

01 PLAN

Make one small tasting glass first. Combine cranberry drink and orange juice in a ratio you enjoy, then add sparkling water gradually. This guide offers a mixing approach rather than a tested recipe ratio.

02 DETAILS

Write down the quantities from the tasting glass and multiply each by the number of portions you need. Check your pitcher capacity and leave headroom for fruit and pouring.

03 FINAL CHECK

Chill the still ingredients and add the sparkling water shortly before serving. Wash fruit before slicing, keep cut fruit and prepared drinks cold, and identify any relevant ingredient allergens. Use a trusted recipe for validated proportions.
