Cropped cardigan over a button-down

Read the full guide before you begin. Use this worksheet to record your own measurements, quantities and choices.

SUPPLIES TO CHECK

Cropped cardigan, lightweight button-down, trousers, flexible tape if comparing listings

01 PLAN

Start with a thin shirt that sits comfortably at the shoulder. Smooth the sleeves before adding the cardigan so fabric does not bunch at the elbows. This is a styling idea, not a hands-on fit review.

02 DETAILS

Leave the shirt hem visible or tuck it to create a clear waistline. Check where the cardigan ends relative to the trouser waistband; a cropped cut looks different on different torso lengths.

03 FINAL CHECK

Move your arms and sit before finalizing the outfit. If shopping, compare the selected garment length and chest measurement with a piece that fits you. The illustrated accessories are suggestions and are not included with the linked cardigan.
