A black-and-white lace temple accent

Use only cosmetics labelled for skin; never use craft paint, nail polish or household glue.

Planning charts, not templates to cut and place on skin.

Sketch a small motif on the face chart, with black lines and a few separate white accents. Apply the black pattern with a cosmetic stencil, lift the stencil while the paint is wet, then let it dry before adding white dots.

1. Sketch the layout 2. Adjust spacing 3. Repeat with more control
