A cocoa-coloured perfume gift box with a printable ribbon band

Adjustable wrapping-band templates to trial against your actual carton. Use the guide and check the selected item separately.

Materials: Perfume carton, gift box, printed bands, paper, scissors, tape, ribbon and cushioning.

1. Start with the real item

Measure the actual perfume carton after purchase. The printable supplies adjustable bands, so the illustration does not establish an exact box size.

2. Use the matching plan

Print at 100 percent, check the one-inch square and trial a band on scrap paper. Trim to the measured length and overlap behind the carton.

3. Finish and check

Attach the paper band to the wrapping, not the product label. Keep the original ingredient and safety information accessible and add your own short gift message.

Check the exact selected option, maker directions, included pieces, current delivery and return terms before purchase. Other accessories shown may be separate.
