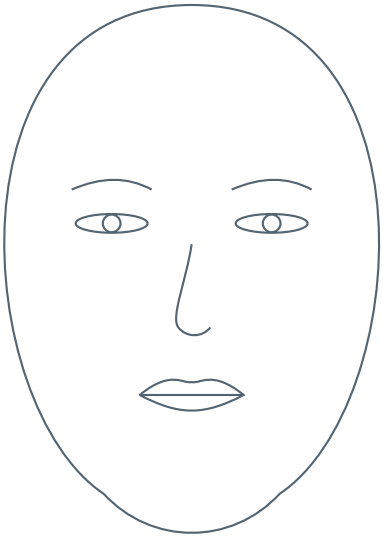
A faded white lace cheek edge

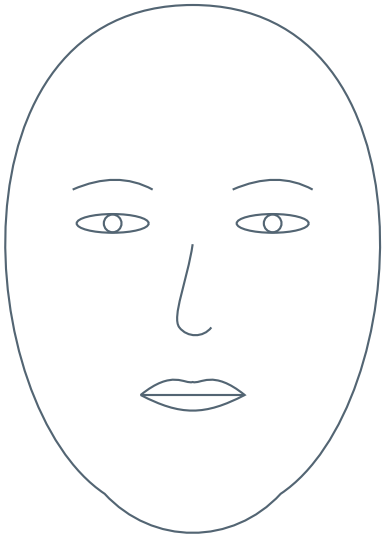
Planning charts, not templates to cut and place on skin. Face outlines are reduced, not to scale.

Plan a white lace motif on the outer cheek, well away from the eyes: solid centre, sparse dots at the outer edge. Follow your paint's label for where it may be used. A cosmetic stencil is optional; the lace can be brushed freehand.

1. Sketch the layout 2. Adjust spacing 3. Repeat with more control



Plan A



Plan B

Cheek edge close-up: plan the fade here

Palette / tools: _____

One thing to adjust: _____

For a face paint you have not used before, FDA suggests trying a dab on your arm for a couple of days to check for an allergic reaction before face use, and keeping makeup out of your eyes (FDA, Novelty Makeup).

A faded white lace cheek edge

A second page to repeat the design with your chosen spacing. Use the guide for the full method.
