A fold-flat Thanksgiving place-card set

A printable fold-and-name layout with a test-print size check. Use the free worksheet with the steps below. Compare the optional supply only if you need it.

Materials: Cardstock or paper; printer; pen; scissors

1. Check before starting

Print one trial on paper your printer supports. Check the name size at normal table-viewing distance.

2. Plan the arrangement

Cut the outer rectangles and fold the centre line. Check that each folded card stands steadily on the table.

3. Finish and review

Write guest names and trial the layout on the actual table. Keep cards clear of food, moisture and flames.

Use your actual paper and printer directions.

Your printable workspace

Print at Actual size / 100%. Check the one-inch square. Solid lines are cuts; dashed lines are folds. Trial on scrap paper. Keep paper away from food, heat and flames.
