A fragrance gift budget that includes wrapping and delivery

A blank total-gift-budget worksheet. Use the free printable with the steps below. Compare the optional supply only if you need it.

Materials: Current product listing; intended wrapping; delivery information; printable budget worksheet

1. Set a total gift budget

Write the maximum total you want to spend before choosing the bottle. Keep separate lines for the product, wrapping and delivery, plus any applicable tax. The worksheet deliberately leaves amounts blank because prices change.

2. Check the selected option

Confirm the exact Choco Musk spray size and format, seller and checkout costs. A different oil, roll-on or bottle size is not the same item. Do not rely on a pin image for price or availability.

3. Review before buying

Add the actual costs and compare the total with your budget. Adjust the wrapping or choose another option if needed.

Read the exact label, ingredients and directions. FigureNook has not smelled or worn these products and makes no longevity, health or skin-suitability claims.
