A portable speaker gift: check the charging and carrying kit

A speaker gift needs a charging plan. Check the included cable, a compatible power source and the space needed for optional carrying accessories.

Fill the fields in a PDF reader, or print and write. Save your own copy; entries are not submitted to FigureNook.

Exact speaker / charging port / manual reference

Included cable / adapter sold separately

Compatible power source already owned

Optional carry case / packing location / total cost

Check the exact speaker's charging requirements; do not assume every USB adapter is suitable. Keep charging devices clear of obstructing cases. Keep passwords off this sheet.

Use current product directions. No purchase or signup is required. Product illustrations are conceptual, not exact photographs.
