A white lace border above the brows

Planning charts, not templates to cut and place on skin.

Plan a narrow band well above the brows on the face chart. Hold a clean cosmetic stencil still, use a barely loaded sponge and build a light white pattern without flooding the openings.

1. Sketch the layout 2. Adjust spacing 3. Repeat with more control

Safety: Use cosmetics and stencils intended for the selected area; check the white shade label and keep makeup out of eyes. Craft acrylic paint, nail polish and household glue are not face-paint supplies.
