A white-paper ghost photo-prop set for tonight

Free generic ghost and speech-bubble templates; no licensed characters. Use the free worksheet with the steps below. Compare the optional supply only if you need it.

Materials: white cardstock, pencil, scissors, and optional paper-safe tape and blunt handles.

1. Check before starting

Print a plain-paper trial and choose a size suited to your photo area. Cut broad simple ghost and speech-bubble outlines.

2. Plan the arrangement

Write short messages. If you want a handle, tape a blunt craft handle securely to the back and inspect the attachment before use.

3. Finish and review

Use as decorative photo props under appropriate supervision. Keep small loose parts and tools away from young children.

Keep paper away from food, heat and flames.
