An oversized cardigan with a column of one color

Make a tonal base

Choose a top and trousers or skirt in closely related colors. They need not match exactly; compare them in daylight.

Add texture

Layer the oversized cardigan over the base. Keep one part of the base visible at the neckline or center front so the outfit has a clear vertical line.

Adjust proportions

Compare the cardigan untucked with sleeves at full length and gently pushed back. Avoid rolling tight cuffs or forcing a bulky tuck. Record the version that feels comfortable seated.

Important

Check the actual product size chart, material, care label and return terms. The optional link is only for the cardigan; other outfit pieces are separate suggestions. The illustration shows an outfit concept; verify fit using actual garment measurements.
