Before buying cat ears: check the band and included pieces

A costume-accessory fit and contents checklist; compare fit using the actual size information. Use the free worksheet with the steps below. Compare the optional supply only if you need it.

Materials: Accessory listing; tape measure; outfit checklist

1. Check before starting

Read the selected headband's material, dimensions and included-piece list. Do not assume a matching costume or jewellery is included.

2. Plan the arrangement

Compare the band information with a headband you already find suitable. An illustration cannot establish pressure or comfort.

3. Finish and review

Check the actual item after arrival and retain tags while reviewing return eligibility. The guide does not guarantee fit.

Follow the actual product and material instructions.
