Build a gift wish list from notes, budget and bottle size

Gift preference and budget worksheet. No purchase or signup required.

Set the practical limits

Write a total budget, delivery deadline and preferred bottle format. Check whether the recipient wants fragrance before choosing a surprise gift.

Narrow by known preferences

Record one existing favorite and the notes its maker describes. Add only options that fit that direction; a bottle matching a picture is not enough.

Check the actual offer

Confirm scent, size, seller, shipping and return eligibility on the retailer page. The linked eos vanilla mist is one optional comparison, not a claim that it suits every recipient.

YOUR PLAN

Budget _____

Deadline _____

Preferred format _____

Known favorite _____

Final check _____
