Check a cardigan’s layering room before holiday travel

A garment-measurement and seated-fit worksheet; no fit guarantee. Use the free worksheet with the steps below. Compare the optional supply only if you need it.

Materials: Garment measurements; intended underlayer; packing list

1. Check before starting

Compare the listing's exact size chart with a garment you already find suitable. Include the thickness of the intended underlayer.

2. Plan the arrangement

Try sitting, reaching and moving with the complete layers when the item arrives. Button gaps and tight shoulders are reasons to reassess.

3. Finish and review

Read current returns and keep tags until the fit decision is made. The guide does not guarantee fit from measurements.

Follow product and material directions.
