Clay gratitude-word tokens for a Thanksgiving display

Word-spacing and token template • Free, no signup or purchase.

Choose short words

Write a few gratitude words such as home, help or kindness. Use the printable to compare spacing before stamping into clay.

Make decorative tokens

Flatten small pieces of air-dry clay to an even label-appropriate thickness. Round the edges and impress words with a blunt tool or suitable stamps; do not make them look edible.

Dry and display

Dry fully according to the product directions and display in a decorative dish away from food. These are not serving ware, game pieces for young children or edible treats.

Important

Follow the actual clay, adhesive and finish labels for age suitability, thickness and drying. Adult supervision is required for tools and small parts. Air-dry clay is decorative, not edible, waterproof or food-safe by default. Use only battery LED lights where relevant, never flames.

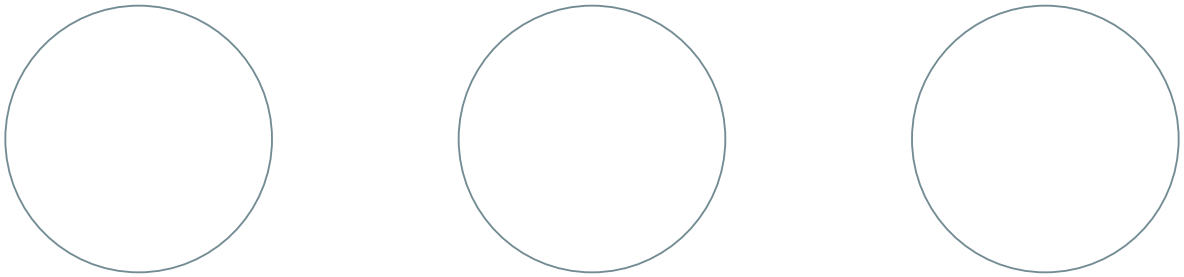
TOKEN WORD SPACING PRACTICE



Practice outlines only. Adjust actual dimensions and thickness to the product label.

FIGURENOOK / PRINTABLE PATTERN

Gratitude-word token spacing

Print at actual size on US Letter. Check the 1-inch scale box before using.

1 inch / 25.4 mm

Paper spacing practice only. Make decorative tokens large enough for your chosen word.

Not food, serving ware or toys for small children. Follow actual clay thickness guidance.
