# Dark-chocolate pretzel clusters for a Halloween tray

Set, separate and pack checklist • Free, no signup or purchase.

## Prepare the tray

Line a tray with parchment. Break 1 cup small pretzels into bite-sized pieces and keep the ingredient labels for wheat and other allergens.

## Coat the clusters

Melt 3 ounces dark chocolate gently in short microwave bursts, stirring often, or over a suitable water bath. Stir in pretzels and spoon into about 12 small clusters.

## Set and separate

Let the chocolate set in a cool place or briefly in the refrigerator. Pack between parchment in a clean food-safe container. Avoid adding decorative items that are not edible; follow chocolate-label storage guidance.

### Important

Use the serving-layout worksheet alongside your chosen published recipe. Check ingredients and allergens. Refrigerate perishable food promptly; for transport without refrigeration use an insulated bag and at least two cold sources. Follow the current food-safety source below. No shelf-life or health benefit is established.
