Decorative pumpkin medallions for a fall wall hanging

Practice outlines and planning worksheet. No purchase or signup required.

Cut the medallions

Roll clay evenly and cut pumpkin shapes from the outline on the printable. Keep the pieces light enough for the cord and mounting method you intend to use.

Plan the holes

Make holes near the upper edge without weakening it. Leave generous clay around each hole and use a blunt tool to add shallow decorative ribs.

Hang only when fully dry

Dry and finish the clay as directed. Tie a separate short loop of cord through each hole, then tie the loops along a support with space between them. Use a fixing rated for the total weight; keep cords away from children and pets.

YOUR PLAN

Shape width _____

Hole position _____

Cord length _____

Dry check _____

Fixing _____

Practice outlines (adapt size and thickness to the project):
