First Christmas with a real tree: keep a daily stand-check log

A real-tree check log keeps the stand accessible after decorating. Use the stand and tree supplier's directions for setup and ongoing care.

Fill the fields in a PDF reader, or print and write. Save your own copy; entries are not submitted to FigureNook.

Stand model / supported trunk and tree limits

Setup date / supplier and manual directions

Date / water-level check / action taken

Decorations blocking access / next check

Page 1 records one check (100 characters per field). Print page 2 for seven daily checks.
Add water daily. Keep the tree at least 3 feet from heat sources and clear of exits.

Use current product directions. No purchase or signup is required. Product illustrations are conceptual, not exact photographs.

Seven-day water and stand log

Check and add water daily. Use a new sheet each week. Record the date, water level and action taken.

1. Date: _____ Water level / action:

2. Date: _____ Water level / action:

3. Date: _____ Water level / action:

4. Date: _____ Water level / action:

5. Date: _____ Water level / action:

6. Date: _____ Water level / action:

7. Date: _____ Water level / action:

Keep the tree at least 3 feet from heat sources and clear of exits. Remove the tree when dry. Source: usfa.fema.gov/prevention/home-fires/prevent-fires/holiday/
