Glass container sets: compare usable sizes before paying for more pieces

Count containers and usable sizes separately from lids. A high piece count can include components you will not use as separate food boxes.

Fill the fields in a PDF reader, or print and write. Save your own copy; entries are not submitted to FigureNook.

Set contents: containers versus lids

Capacity of each container / intended portion

Cupboard / fridge dimensions and stack height

Lid care / replacement needs / useful container total
