Greenery around a bedroom name print

Choose the print

Use an existing framed name print and measure its outside edges. Mark a border on the printable without covering the name.

Lay out the ivy

Arrange a few short ivy sections beside the frame before attaching. Keep the composition sparse and keep any loose ends clear of the frame support.

Mount safely

Use separate suitable fixings rated for the frame and decoration. Do not hang weight from a weak picture-frame backing or rely on ivy as support. Check stability after mounting.

Important

Artificial foliage is decorative. Use separate suitable supports and fixings where needed, rated for the actual surface and load. Keep small parts, cords and vines away from children and pets, and keep access, ventilation and heat clear. Never use an open flame near foliage.
