Halloween fog machine: check fluid, controls and setup before buying

Check the machine listing, approved fluid and operating instructions before buying. Use the free worksheet with the steps below.

Materials: Machine listing; maker instructions; setup worksheet

1. Check before starting

Check the selected model's controls, electrical requirements and intended location. Check whether the listing includes fog fluid.

2. Plan the arrangement

Confirm the approved fluid, filling method, ventilation, clearances and permitted location in the exact model manual.

3. Finish and review

Review returns and durability complaints alongside the positive reviews.

Follow the manufacturer's safety directions.
