Make a tiny pumpkin sign for a shelf

Simple sign outline and lettering guide. No purchase or signup required.

Shape a small pumpkin base

Make a low rounded pumpkin with a broad flat bottom. Keep a smooth oval area on the front for a short word or seasonal greeting.

Plan the lettering

Use the worksheet to choose a short greeting that will fit the front panel. Add shallow ribs around the pumpkin with a blunt tool, keeping the lettering area clear.

Dry and finish

Let the clay dry fully as its maker directs. Paint the panel and lettering with compatible materials, allow them to dry, and display the pumpkin on a stable shelf.

YOUR PLAN

Greeting _____

Base width _____

Lettering area _____

Drying check _____

Display location _____

Practice outlines (adapt size and thickness to the project):
