Mandarin monster yogurt cups with simple fruit faces

Face-position printable plus chilled serving checklist. Use the free printable with the steps below; compare the optional supply only if you need it.

1. Prepare the chilled base

Use plain or flavored yogurt that suits your guests, washed blueberries and peeled mandarin segments. Drain excess juice and keep the yogurt refrigerated while preparing the fruit.

2. Arrange a fruit face

Spoon yogurt into cold-serving cups, leaving room beneath the lid. Make a smile from mandarin segments and place two blueberries above it; adapt the fruit size to whoever will eat it.

3. Chill until serving

Cover and refrigerate the finished cups. Use the face-position sheet as a reference beside the food, never inside it, and set out small batches rather than leaving all cups unrefrigerated.

Keep perishable food cold and follow actual recipe, food and container instructions. Use the worksheet to organize ingredients and serving arrangements.

Keep perishables at 40°F or colder. Refrigerate within two hours, or within one hour above 90°F. Check ingredient labels for allergens.
