One grey cardigan, three winter layers

three-look winter outfit planner. No purchase or signup required.

Lay out three base layers

Place a white tee, cream mock-neck and pale blue shirt beside the same grey cardigan. Use garments you already own and compare the necklines before adding accessories.

Match each layer to a bottom

Try denim with the tee, charcoal trousers with the mock-neck and dark jeans with the shirt. Check sleeve bunching and whether the cardigan closes comfortably.

Record one adjustment per outfit

Use the three-look planner to note a shoe, hem or neckline adjustment. Photograph your own combinations in ordinary light before buying another item.

YOUR PLAN

Look one _____

Look two _____

Look three _____

Sleeve and neckline check _____

Pieces already owned _____
