Printable Thanksgiving buffet labels in two sizes

A printable buffet-label PDF. Use the free printable with the steps below; compare the optional supply only if you need it.

1. Choose the label size

Print the two-size buffet-label page on ordinary paper first. Check the scale square and choose the size that fits your display and is readable from the serving side.

2. Write the actual contents

Add each dish name and ingredients you can verify. Do not mark a dish allergen-free unless the full preparation and cross-contact situation supports it.

3. Cut and fold

Use printer-compatible cardstock if wanted, cut the solid outlines and fold the dashed centers. Keep labels away from heat, moisture and food-contact surfaces.

Follow material and tool instructions. Decorative clay, paper and wire are not food-safe or flame-safe by default; supervise tools and keep small parts away from children and pets.
