Tent cards before place-card holders: compare what you need

A no-printer table-name plan; holders are not required for tent cards. Use the free worksheet with the steps below. Compare the optional supply only if you need it.

Materials: Place cards; table layout; optional holders

1. Check before starting

Check whether the chosen cards fold into a freestanding tent. A tent card may not need a separate holder.

2. Plan the arrangement

Trial a card on the actual table away from drafts and spills. Compare readability and stability at the intended size.

3. Finish and review

Only compare holders if your design needs them. Check their dimensions and included count separately.

Follow product and material directions.
