1. Start with the real item

Print the four-card sheet at actual size and check the one-inch square. Trial the layout on ordinary paper before using cardstock.

2. Use the matching plan

Cut on the solid outer lines and write a short specific thank-you. Leave the leaf decoration clear so the message remains easy to read.

3. Finish and check

Place a card at each setting or collect them in a bowl. The printable is a flat card, so no fold is required.

Check the exact selected option, maker directions, included pieces, current delivery and return terms before purchase. Other accessories shown may be separate.
