Three fall-to-winter pillow palettes using one rust pair

Three palette cards to compare before buying. Use the free printable with the steps below; compare the optional supply only if you need it.

1. Compare three palettes

Use rust with cream and navy, rust with olive and natural linen, or rust with charcoal and warm white. Color appearance varies with fabric and lighting.

2. Inventory what you own

Write which covers, inserts and throws can be reused. Check actual cover dimensions and care; the optional linked rust pair does not include inserts.

3. Change one layer

Swap one companion textile and compare it in your own room. The palette cards help plan a change without implying that every illustrated object needs to be purchased.

Check actual dimensions, stability and material care. Keep access, electrical connections, heat and spill paths clear.
