TIRTIR toner sizes: compare the bottle you are actually buying

Size, price-per-volume and recipient-preference comparison. Download the matching printable below, then use the three-step plan. The featured product is optional.

Materials: TIRTIR Milk Skin Rice Toner (optional featured product); Free matching FigureNook PDF; Paper and a pen; The actual item instructions and measurements

1. Start with the real item

Identify the exact TIRTIR Original option and its displayed 150 ml / 5.07 fl oz volume. Do not use another option's size or price.

2. Use the matching plan

Write down the current price and volume for each real option you are comparing. Divide price by the same volume unit for a like-for-like comparison.

3. Finish and check

Use the card to choose a size that fits the recipient's preferences. Directions and travel restrictions come from the actual product and carrier.

Check the exact selected option, maker directions, included pieces, current delivery and return terms before purchase. Other accessories shown may be separate.

Your matching printable

Size, price-per-volume and recipient-preference comparison

Exact option	Size / count	Current price	Unit price	Label notes

Use current comparable units. Cost per item = price divided by count; cost per volume unit = price divided by volume. Do not compare unlike sizes or assume formulations match.

Questions to resolve before choosing
