Wrap a gourmand fragrance gift without hiding the label

Wrap the outer box, not the bottle, so the product name, ingredient list and warnings stay readable, and measure the box first so the paper fits. The worksheet records the box size, both paper measurements, the ribbon length and where the label information goes.

What you need

- The fragrance in its original outer box
- Wrapping paper, tape and a ruler
- A gift tag or small card
- Optional ribbon or string

Steps

1. Confirm what is in the box
Gourmand is a loose description of dessert-like notes such as vanilla, chocolate or caramel. Read the selected product's label and verify the format and size before wrapping.

2. Measure the outer box
Measure the box’s length, width and height. Wrap-around paper = 2 × W + 2 × H + about 2 in; other side = L + H + about 1 in. Dry-fit with scrap paper before cutting the good sheet.

3. Leave the label information readable
Wrap the outer box only: do not tape paper to the bottle or tie ribbon tightly around a glass neck. Leave the full ingredient panel and warnings accessible to the recipient; keep the box or provide the original label rather than copying selected lines.

4. Store, send and give with care
Keep the wrapped gift away from heat, flames and children. Confirm the seller, delivery details and current return status before ordering.

Tips

- This page makes no wear-time or skin-suitability claim; any statement about how long a scent lasts is the seller’s.
- FDA notes that fragrance ingredients can cause allergic reactions for some people. Keep the original label accessible, while recognizing that labels may not list every individual fragrance ingredient.
- The worksheet is free. The optional Amazon link is an affiliate link.
