Individual Halloween snack tubs

Read the full guide before you begin. Use this worksheet to record your own measurements, quantities and choices.

SUPPLIES TO CHECK

Food-safe tubs and lids, clementines, celery, crackers, cheese, clean serving utensils

01 PLAN

Choose the actual tub size before planning portions. Put one clean tub on a tray and test that the lid closes without crushing the contents. A 16-ounce tub is a serving container, not a tiny favor cup.

02 DETAILS

Peel a clementine and add a small celery stem. Place it in the tub beside dry crackers and a separate cheese portion. Keep damp fruit away from crackers where practical; assemble a sample before making the whole batch.

03 FINAL CHECK

Refrigerate perishable components and assemble close to serving. Label allergens and use clean utensils. Keep spare portions chilled rather than leaving the whole batch on the party table.
