Long cardigan with a pleated skirt

Read the full guide before you begin. Use this worksheet to record your own measurements, quantities and choices.

SUPPLIES TO CHECK

Long cardigan, plain top, pleated skirt, shoes already owned

01 PLAN

Choose a plain top so the cardigan and skirt provide the main shapes. Start with a skirt waistband that feels comfortable seated and standing. Smooth the base layer rather than adding bulky folds.

02 DETAILS

Try the cardigan open to keep the skirt pleats visible. Compare the two hem lengths in a mirror and adjust the top tuck if the waistline disappears. No single proportion fits every height or preference.

03 FINAL CHECK

Walk and sit to check movement, then compare actual listing dimensions if purchasing. The illustration suggests an outfit; the linked cardigan does not include the other items or guarantee the illustrated drape.
