Mad-scientist costume from closet basics

Read the full guide before you begin. Use this worksheet to record your own measurements, quantities and choices.

SUPPLIES TO CHECK

White shirt, ordinary trousers, costume accessories suitable for wearer, notebook

01 PLAN

Start with a white shirt already owned and trousers that allow normal walking. Avoid long hems, loose cords or accessories that obscure vision. This is costume styling rather than protective equipment.

02 DETAILS

Add a notebook and a simple drawn name badge. If using costume goggles, follow age and fit information and never imply they provide laboratory or impact protection. Do not carry chemicals or glassware.

03 FINAL CHECK

Walk, sit and look in every direction while wearing the costume. Remove anything that restricts breathing, vision or movement. Keep flammable fabrics away from candles and select accessories appropriate to the event and wearer.
