No-sew fabric pumpkins

Read the full guide before you begin. Use this worksheet to record your own measurements, quantities and choices.

SUPPLIES TO CHECK

Fabric scrap, suitable filling, strong thread or cord, scissors, adult needle only if optional

01 PLAN

Lay a fabric circle on the table and place a modest amount of filling in the center. Pull the edges up to test the amount before cutting more fabric. Use a washable material if cleaning matters.

02 DETAILS

Gather the edges at the top and secure firmly with suitable cord, keeping loose ends short. Shape shallow pumpkin lobes with additional cord around the outside without cutting the fabric.

03 FINAL CHECK

Finish with a short folded fabric stem, checking it cannot easily pull off. This is a decoration rather than a toy; keep loose filling, cord and small parts away from children and pets. Keep fabric away from flames and heat.
