Oak-leaf clay place cards

Read the full guide before you begin. Use this worksheet to record your own measurements, quantities and choices.

SUPPLIES TO CHECK

Air-dry clay, paper leaf outline, rolling tool, washable craft mat, adult craft knife, paint marker

01 PLAN

Draw a broad oak leaf about 8 cm long with a short stem. Cut the paper outline and check that a guest name fits inside the center. Avoid very narrow lobes that become fragile.

02 DETAILS

Roll a small piece of air-dry clay to an even thickness directed by its maker, then cut around the paper pattern. Round the edges with fingers and add shallow veins without cutting through.

03 FINAL CHECK

Dry flat as the clay label directs, turning only if recommended. Once fully dry, add a name with a compatible paint marker and let it cure. Rest beside the plate; decorative clay is not food-contact serving ware.
