SUPPLIES TO CHECK

Prepared hummus, round food-safe bowl, celery, washed vegetables, serving plate

01 PLAN

Choose a bowl sized for the amount you plan to serve and set it on a washable plate. Use a prepared hummus you already like or a trusted recipe; follow that recipe for quantities and method.

02 DETAILS

Spoon hummus into the bowl and smooth the top. Add a short celery piece as a pumpkin stem without pushing sharp picks into the food. Arrange washed vegetable sticks around the bowl with room for guests to serve themselves.

03 FINAL CHECK

Keep hummus and cut vegetables refrigerated until serving. Refill the bowl in small batches with clean utensils. List allergens from the actual hummus label and do not treat a decorative arrangement as a substitute for safe food handling.
