Reusable clay star gift tags

Read the full guide before you begin. Use this worksheet to record your own measurements, quantities and choices.

SUPPLIES TO CHECK

Air-dry clay, paper star pattern, rolling tool, straw, compatible paint marker, short ribbon

01 PLAN

Draw a star with broad rounded points and cut a paper template. Roll clay evenly as its package directs. Make one test star to judge weight and durability before cutting a whole batch.

02 DETAILS

Cut the star and smooth the edges. Punch a small hole with enough clay around it to resist breaking. Let it dry completely as directed before adding a name with compatible ink or paint.

03 FINAL CHECK

Tie to wrapping with a short removable ribbon and keep the tag out of reach of small children and pets. Air-dry clay is decorative and can break; do not promise the tag is waterproof, food-safe or indefinitely reusable.
