SUPPLIES TO CHECK

V-neck cardigan, light base layer, trousers, comfortable shoes

01 PLAN

Build the outfit from a base layer comfortable in a warm vehicle or terminal. Add a V-neck cardigan that can be removed without disturbing the rest of the outfit. Check shoulder and sleeve comfort.

02 DETAILS

Choose trousers you can sit in for a long period and shoes suited to the actual trip. Fold the cardigan loosely in your bag rather than compressing buttons against delicate accessories.

03 FINAL CHECK

Before buying a new layer, compare its size chart with a comfortable garment and inspect the selected color. This is a packing and styling concept; no claim is made that a specific knit is warm, wrinkle-free or suitable for every climate.
