# Tissue-box Halloween monster

Read the full guide before you begin. Use this worksheet to record your own measurements, quantities and choices.

### SUPPLIES TO CHECK

Clean empty tissue box, craft paper, glue, adult scissors, marker

### 01 PLAN

Use a clean empty box with no sharp edges or leftover tissues. Cover the outside in colored paper while leaving the original opening accessible. Do not modify a box that contains medicine or other private packaging.

### 02 DETAILS

Cut large paper eyes, a broad mouth border and a few rounded teeth. Glue around the opening without adding sharp sticks or tiny loose embellishments. Let the adhesive dry before handling.

### 03 FINAL CHECK

Use as a tabletop decoration or for collecting large paper notes, not food or small children's play. Adults handle cutting tools and supervise age-appropriate craft work. Recycle according to the materials and local rules after use.
